A PERFECT FIT FOR 4* PIXELLICIOUS™
OR OTHER 1M FIXTURES

PACK-STICK CLOUD CASES are the perfect solution to protect and transport all of your 1-meter light fixtures!

These soft padded cases can accommodate up to 4x of any 1-meter, light-to-medium weight fixtures such as Blizzard Lighting's own Pixellicious™ (which is an extremely perfect fit), Pixel Stik™, Pixellicious™ Mini, StormChaser™, Pixelstorm 240™, Motif Vignette™, and many others.

There are 3 padded separators in the interior of the case, that make a total of 4 narrow individual spaces. The two outer separators can also be easily folded down if needed, and the center padded separator can be secured in an upright position using its full length zipper that attaches to the underside of the hood, creating two double width interior sections.

The case is made from rugged 600-denier black ballistic nylon, fitted with dual carry straps, and also sport the ultra-cool Cloud Case™ logo.

Main Features:

- 4 interior sections, 3 padded dividers
- Wide opening w/dual zippers
- Zippered center divider
- Dual carry straps
- 600-denier black ballistic nylon
- Padded for additional protection

Specifications:

- Dimensions: 39.4 x 18.1 x 7.5 inches (100 x 46 x 19cm)
- Weight: 2.65 pounds (1.2kg)
