

Clear line-of-sight ranges up to four miles

NTSC/PAL with 460 lines horiz. resolution

Stereo audio transmission

Dual Virtual Wire™ contact closures with discrete outputs

Data pass-through mode

Dual standby mode

6-12vDC operation

Rugged all-weather construction, NEMA 4X rated

FCC and DOC Approved

The EAGLE PLUS[™] 2.4 GHz FM All-Weather Wireless Video System

Broadcast Quality at Consumer Prices

The EAGLE PLUS integrates the latest technology along with user-friendly options to offer a wireless solution that was designed with the system integrator in mind. Capable of line of sight ranges up to four miles,* the EAGLE PLUS offers features that make it much more than a wireless video system. The system is capable of transmitting stereo audio or mono audio with Virtual Wire™ contact closures. The EAGLE PLUS also has a data pass-through mode capable of transmitting RS232 at data rates from 1200 to 9600 baud with provisions for transmitting RS422/485.**

* using 24dB parabolic grid antenna

** LC-485/422 required for 485/422

Radio Specifications

	VTX2500 Transmitter	VRX2500 Receiver	
Frequency RF Output Power Frequency Stability	per FCC Part 15.249	>60dB > 20dB for adjacent channels, > 90dB Ch 1–4, > 60dB Ch 2–4, 3–1 –90 dBm	Image Rejection Adj. Ch. Rejection Receiver Sensitivity
Current Draw	140mA, max., 10mA in standby	400mA, nom.	Current Draw
Humidity Temp. Range	,	100% (enclosure) -20° to +158°F (-30° to +70°C)	Humidity Temp. Range
Alarms	2 Virtual Wire™, contact closure (configurable with TrangoLink)	32-bit code same as VTX2500 alarm input	Coding Output Level
Video Bandwidth Input Impedance	2.014112	> 40dB at –80dBm RF input signal > 45dB at –75dBm RF input signal	Video S/N
Audio Input Input Impedance Bandwidth	1 Vpp line level 600 Ohms 50Hz–15kHz (3dB)	1.5 Vpp line level, typ. 600 Ohms > 12dB at 85dBm RF input	Audio Output Output Impedance Audio Output S/N
Data Connection	RJ-11 jack for connection to PC with TrangoLink software	RJ-11 jack for connection to PC with TrangoLink software	Data Connection
Radio Dimensions	4.7 "w $\times 8.8$ "h $\times 2.5$ "d, 2.65 lb $(12$ cm $\times 22.4$ cm $\times 6.4$ cm, 1.2 kg)	4.7"w × 8.8"h × 2.5"d, 2.65 lb (12cm × 22.4cm × 6.4cm, 1.2 kg)	Radio Dimensions

All-Weather Enclosure

The EAGLE PLUS's rugged powerdercoat aluminum allweather enclosure comes with all necessary mounting hardware, ready right out of the box for the most demanding outdoor environments. Two flanges and a SMA-F connector provide a water- and weather-tight seal for all power and antenna connections.
