

Safety Cables

REDUNDANT BACKUP SAFETY CABLES

SAFETIES™

Safeties™ are prefabricated consistently at the factory under exacting conditions to make installations quick, safe and secure. Use these cables to secure wall mounted and ceiling mounted objects and equipment to structures to bypass the mounting device.

Safety Cable Kits are produced from load-rated aircraft cable and hardware and come in black, zinc and stainless finishes. The proper method for use is to completely bypass the mounted equipment with a safety cable by securing it to the mounted object and to a structural member and with as little slack as possible.

CAUTION: DO NOT USE AS A PRIMARY SUSPENSION DEVICE.

STANDARD FEATURES:

- ▶ Made from high strength aircraft cable
- ▶ Ends are trimmed for quick attachment
- ▶ Load Rated for predictable installations
- ▶ Closely held length tolerances

OPTIONAL ACCESSORIES:

- ▶ See Rigging Component datasheet

SPECIFICATIONS:

Materials: See table on next page

Finish: Galvanized or Stainless

Color: Black, Clear, Zinc or Stainless finish

Design Factor: 5:1 ratio (Ultimate yield point)

Custom length safety cables also available.

PACKAGE CONTENTS:

See table on next page

Style A

Retaining Washers on Both Sides

Style B

Finished Ends with Thimbles on Both Sides

Style C

Loop with Retaining Washer

Style D

Loop on Both Ends

Style E

Adjustable Safety Cables

ALWAYS INSTALL SAFETY CABLES

WARNING: Mounting and/or suspension of audio and video equipment requires experienced professionals. Improperly installed loudspeakers can result in property damage, personal injury and/or liability to the installing contractor.
