

cool cable™

PowerCON® Compatible Cables

Power up your equipment with Cool Cable™ heavy duty power cords. We use industry standard/high quality Edison connectors and 3-conductor locking powerCON® compatible plugs with contacts for line, neutral and pre-mating ground contact.

Also available is our powerCON® compatible coupler for linking cables together. One side fitted with blue input connector, and the other with a white output connector.

And of course, they are all covered by Blizzard's limited lifetime warranty.

Main Features:

- Interconnect and main power cables
- powerCON® compatible 3-conductor locking plugs
- Heavy duty, 3-conductor cord
- 14 AWG cable (PC-EDISON-OUT offers 12 AWG)
- 5 amp max amperage
- Various lengths and connector types

Warranty

- Limited lifetime warranty
