

# FlexCam

## by Ken-A-Vision

### FlexCam iCam Digital

#### 910-171-102

The FlexCam iCam Digital features both S-Video and USB outputs for easy connection to a PC, Macintosh, television, VCR or LCD projector. This innovative, low-cost camera is perfect for presenting objects, images, text, sending video email and creating video portfolios. It includes powerful imaging software to facilitate video and still image capture and editing. The FlexCam iCam is ideal for viewing microscope images. The integrated focus knob is sized and shaped perfectly for use with the included microscope adapters.

### Additional Features and Benefits

- PC and Mac Compatible
- USB Digital-output
- Ease of Connection to Most Microscopes
- Superior Positioning
