# GENUS

MATTE BOX SYSTEM

Principally designed for use with professional DV cameras, the Genus matte box has all the features necessary to cover cameras available from most major manufacturers.

Incorporating high grade aluminium, stainless steel and acetyl in its manufacture, the Genus matte box will provide the user with light control and filter holding capacity for all DV cameras.

#### FILTER TRAYS

Two 4"x4" filter trays, colour coded black and metallic blue. Grooved slots and a spring-set catch ensure your filters are fixed securely

#### CLAMP RING

Professional clamp ring to cater for lenses and wide angle adaptors up to 105mm diameter

#### ADAPTOR RINGS

A selection of screw-in adaptor rings to fit 58mm to 95mm lenses. One adaptor ring will be included in the matte box system

#### DO-NUT RINGS

Do-nut rings ensure a snug fit between the lens adaptor ring and the clamp ring. One do-nut ring will be included in the matte box system

#### FILTER HOLDERS

Two lockable lightweight filter holders. One fixed and one fully rotatable 360°. The tension on the rotatable holder can also be easily adjusted

#### CLIP-ON FRENCH FLAG

*(optional accessory)*

Handy slide and clip-on French flag can be clamped to the top rim of the ray shade to provide extra light control

#### RAY SHADE

Finished with a special optical flat coating to give you the best light control capabilities

#### SUPPORT BARS

15mm 3/5" diameter bars to support the matte box independently

V-mount support bracket. Canon, JVC and Panasonic compatible mounts also available

#### SUPPORT BARS ADAPTOR

Attached to your matte box, it fits 15mm 3/5" diameter support bars as well as 12mm diameter bars

#### SUPPORT BRACKET

Clips on to the tripod. Secures your camera and enables the matte box to slide on to the support bars. A range of brackets are available to suit all makes of cameras
