

ADECIA Extended Warranty

The Yamaha Unified Communications Extended Warranty for ADECIA provides customers with ease of mind when it comes to maintaining installations of the product. Not only does the Extended Warranty extend support to a full three years, it also includes advance component replacement.

FEATURES

Unlimited email and phone support

Advance component replacement

3-year coverage

ADECIA Ceiling Solution

ADECIA Tabletop Solution

VALUE ADD

The Yamaha Unified Communications Extended Warranty for the ADECIA Solution adds advance component replacement to your product in case you experience a problem with it, giving you an added security when it comes to your meeting spaces or classroom audio. When experiencing a problem with a product within the solution under extended warranty, technical support is just a phone call or email away. Once the problem is confirmed as a product problem by our Support Specialist, a replacement unit will be shipped within the next business day to advance replace the problematic unit. Simply replace the unit, and send the problematic one back.

TERMS

Service must be purchased within 60 days after unit shipment. Serial numbers of associated Ceiling Microphone RM-CG, Signal Processor RM-CR, RM Wired Tabletop Microphone, L2 Network Switch with POE (SWR Series) and VXL1-16 POE line speakers must be provided to Yamaha Unified Communications to document units covered.
