

# TRAVELER QUEST 8X

TQ8X

## PORTABLE RECHARGEABLE PA SPEAKER SYSTEM

The TQ8X boasts 150-watts of high-performance audio, packaged in a sturdy, lightweight, design. Features include on-board mixing, 3 band EQ, Bluetooth media player, and extended battery life.

Featuring a powerful 8-inch woofer and a wide-dispersion HF horn with 1-inch compression driver, the TQ8X offers professional-grade audio performance. Two wired mic/line inputs complement a versatile music system including a USB connector for thumb drive stored MP3 files, a separate USB power output, left/right audio connections, and Bluetooth compatibility for use with a phone or smart device source. The TQ8X's integrated mixer makes it easy to control all audio sources with individual and master volume controls, complimented with 3-band equalization to optimize sound quality and voice clarity. A useful voice priority feature (with on/off switch) automatically reduces the music source when the presenter speaks into any connected microphone. A convenient carrying handle makes it easy to "grab and go". The TQ8X may be AC powered or operated from its internal battery for up to 24 hours of continuous use. A standard pole socket allows stand mounting for larger groups.

The compatible New Galaxy Trek GTU (UHF) wireless system operates completely independent, making it compatible with most powered speakers, mixers, and amplifiers; simply plug the receiver into the 1/4" jack. GTU mic options include handheld, lavalier, and/or headset mic with body pack. Additionally, the Dual Channel GTU Receiver accepts up to two wireless transmitters simultaneously, making it ideal for live vocal, presenter, event, and instruction applications. The Receiver is USB powered/rechargeable through the on-board TQ8X USB charge port or most USB charging ports and adaptors.

- 150 Watt Amplifier
- Battery Powered
- Rechargeable
- Built-in Bluetooth®
- 2 XLR/Line Inputs
- Built-in MP3 Player
- 5 Volt USB Power Port
- Voice Priority
- Built-in Handle
- Speaker Pole Mount
- Runs +24 Hours
