

# infinipix cyclone

## RGB Animated Effects

Infinipix™ Cyclone can deliver a unique experience with vibrant RGB color mixing, intense strobe effects (variable, pulse or random), and 85 animated pattern effects that can bidirectionally spin, swirl, swipe, tunnel, burst, and more. The patterns are color and speed adjustable, and most allow RGB mixed color backgrounds to be layered in behind the animation effects, allowing users even more creative potential.

## Fully Loaded

This fixture comes loaded with a total of 325x 0.2W RGB 5050 SMD LEDs with smooth 256-step dimming, and the LEDs are flicker-free, making it perfect for video. It can be controlled with 4/5 or 8-channels of DMX, or manually adjusted with its easy-to-use 4-button LED control panel. The back of the fixture also comes equipped with a +5V USB port that can supply power our SoC-It™ wireless DMX control solution (sold separately).

## Main Features

- 325x 0.2W RGB 5050 SMD LEDs, 50,000 hours
- 85 animated effects + 20 pattern color presets
- Precise 256-step LED dimming
- Flicker free, constant current LED driver
- 120° beam angle
- 1-25Hz strobe + pulse and random effects
- Durable composite housing
- Easy-to-use 4-button LED control panel
- RDM enabled (remote device management)
- +5V USB can directly power SoC-It™ wireless DMX
- Single mounting bracket & locking kobs
- PowerCON® compatible in/out
- 3-pin male/female XLR input & output

### Optical

325 x 0.2W RGB LEDs  
120° beam angle  
Flicker-free resolution

### Weight & Dimensions

12.4" x 4.6" x 9.4" (313 x 117 x 260 mm)  
4.1 lbs. (1.9 kg)

### Control

Protocol: DMX, RDM  
3-pin DMX in/out  
4/5/8-channels  
4-button LED control menu  
DMX512, master/slave, and sound active

### Power + Current

100-240VAC, 50-60 Hz  
Consumption: 41W, .54A, PF: .67  
PowerCON-compatible input/output

### Warranty + Certifications

2-year limited warranty
