DIGITAL

## RP101

The Simplest Way to Fill  
Your Home with the Sound  
of a Grand Piano

Roland®

# Bringing the joy and beauty of music to all who have ever wished or wanted to have a piano...

If you've ever dreamed of having a piano in your home, the RP101 digital piano is your dream come true.

## Rich and resonant sound

The RP101 boasts a stereo-sampled sound generator which produces extremely realistic sound, reproducing even the finest details, including the subtle click sound of the hammers striking the strings. The sound is boosted through a powerful 25W x 2 amplifier, big enough to fill your whole room.

## Express yourself with total freedom

The RP101's new 88-key Progressive Hammer Action "PHA alpha II" keyboard gives you the authentic feel of an acoustic grand, with a weightier touch in the lower registers and a lighter touch in the higher registers. Thus you can express yourself with total freedom and complete naturalness. And pedal positions are detected smoothly, causing the sound to be shaped in direct response to the depth to which a pedal is pushed. Which means you can express yourself naturally, and very subtly, in pedaling too, creating just the sound you want.

## Built-in practice and lesson features

To help you practice, the RP101 comes with a built-in recorder function, with which you can record your own performances and then play them back to see how you're doing. You can also record your teacher's performance, and listen to it as often as you want. In addition, there are 65 Internal Songs onboard that you can listen to, or play along with for even more musical fun. And a built-in metronome function helps you keep time.

## Specifications

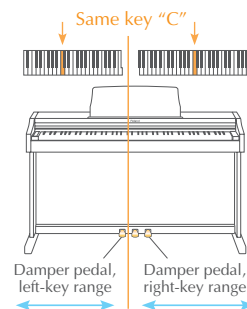

**Keyboard** ●Keyboard 88 keys, PHA alpha II keyboard ●Touch Sensitivity 3 levels, Fixed Touch ●Keyboard Mode Whole, Dual (volume balance adjustable), Twin piano ●Max. Polyphony 64 voices ●Tones 17 tones ●Temperament 7 types, selectable tonic ●Stretched Tuning On/Off ●Master Tuning 415.3 to 466.2 Hz (adjustable in increments of 0.1 Hz) ●Transpose Key Transpose: -6 to +5 (in semitones) ●Effects Reverb (8 levels), Damper Resonance (only for piano tones, Off/ 1 to 7) ●Recorder ●Track 1 track ●Song 1 song ●Note Storage Approx. 5,000 notes ●Controls Song Select, All Song Play/Stop, Rec ●Tempo Quarter note = 20 to 250 ●Resolution 120 ticks per quarter note ●Metronome Beat: 0/4, 2/4, 3/4, 4/4, 6/4, Volume: 8 levels ●Others ●Internal Songs 65 songs ●Rated Power Output 25 W x 2 ●Speakers 12 cm x 2 ●Control Volume ●Pedals Damper (half-pedal recognition), Soft (half-pedal recognition), Sostenuto ●Other Function Panel Lock, V-LINK ●Connectors AC inlet, Pedal connector, Input jacks (L/Mono, R), Output jacks (L/Mono, R), MIDI connectors (In, Out), Phones jack (Stereo) x 2 ●Power Supply AC 115 V, AC 117 V, AC 220 V, AC 230 V, AC 240 V (50/60 Hz) ●Power Consumption 47 W ●Dimensions with Music Rest: 1387 (W) x 400 (D) x 995 (H) mm/ 54-5/8 (W) x 15-3/4 (D) x 39-3/16 (H) inches, without Music Rest: 1387 (W) x 400 (D) x 807.8 (H) mm/ 54-5/8 (W) x 15-3/4 (D) x 31-13/16 (H) inches ●Weight 46 kg / 102 lbs ●Accessories Owner's Manual, Power Cord, Headphone Hook, Music Rest, Music Rest's attachment screws

\*All specifications and appearance are subject to change without notice.

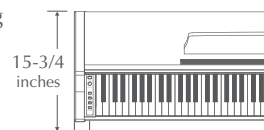

## Another big lesson feature: Twin Piano Mode

Twin Piano Mode enables you to split the keyboard into two parts, each of which covers the same octaves, and also to split the pedals too. So you can play side-by-side with a duet partner or with your teacher. Playing together with your teacher, of course, is one way you can really speed your learning progress.

## Newly designed cabinet

The new cabinet is elegantly designed and crafted, and very space-efficient, enabling the RP101 to be placed anywhere. The cabinet comes with a smooth-sliding key-cover that stores inside the instrument, and also with a handy headphone hook.

Ensuring high quality while protecting the environment:  
Roland is ISO9001 and ISO14001 certified

At Roland, several group companies have obtained ISO9001 certification. In addition, in January 1999, Roland also received ISO14001 international environmental management system certification. We're actively seeking ways to maintain harmony with the environment.
