

## *Advance* PLASMA STANDS

### Advance Plasma Stands

- Choose either the transportable Mobile Plasma Stand or the stationary Fixed Plasma Stand.
- Mobile Plasma Stand features 5" casters to negotiate thresholds and uneven surfaces.
- Both models feature square tubing, arc welds for rigidity and a black powder coated finish.
- Monitor mount provides 30° of tilt and includes a key operated lock for theft deterrence.
- Unique rail mounting system will hold up to 100 lbs. and a 50" diagonal monitor.
- Available in heights of 60", 72" and 84".
- Mobile Plasma Stand available with an optional extra shelf.
