PORTA BRACE STORM COAT EXTREME CAMERA CASES

For extreme weather conditions and harsh environments. The back end fully encloses various wireless microphone and battery combinations. The top detailing uses a Neoprene gasket for the light post and hook & loop fastener to allow the camera strap (optional HB-40SS CAM-C) to emerge without compromise. Multiple zipper slides position the camera on or off the tripod with superb closure. An extra pad for shoulder comfort is built-in. The fabric is a lamination of two types of waterproofing and two types of fabric with extra material covering important access points and openings. A neoprene gasket seals around popular square lens shades and matte boxes.
