MINI-RECTIFIER-25

MESA ENGINEERING RECTIFIER® GUITAR AMPLIFIERS

For 20 years the Rectifier amplifiers have defined American hi-gain sound. These amps maintain their tight low end under even the most extreme settings. Recto amps now feature Multi-Watt™ technology. The Dual Rectifier head has 3 independent channels, each with gain, treble, mid, bass, presence and master control and channel assignable dual-rectification. Includes 3x3 6-button footswitch. The Mini Rectifier 25 head produces the same tones you've come to expect from a Rectifier head but in a 2-channel ultra-compact package. It is switchable between 10W and 25W and includes a padded gig bag and 1-button footswitch.
