LUDWIG CLUB DATE SE SHELL PACKS

Originally created in 1962 as a lower-cost alternative to the Super Classic Series, the Club Date kits became a classic among drummers for a generation.

The new Special Edition re-issues take some of the same classic features and pair them with modern manufacturing techniques to create a vintage-style kit that is affordable, great-sounding and lives up to today's demands. Club Date drums feature center-mounted dual sided lugs, 6-ply cherry/gumwood shells, full roundover bearing edges, and are available in 4 classic sparkle finishes.

LUDWIG CLASSIC MAPLE

For over a century Ludwig has been crafting some of the most widely-used and oft-recorded drums in history. With a huge variety of shell types, sizes and configurations you can design the perfect kit for your playing style. Legacy Classic drums use the 3-ply shell formula introduced in 1923. Legacy Exotic drums add a modern twist to the 1923 design by adding a thin veneer of exotic wood on the outer shell. The Classic Maple series is a 7-ply formula for optimum resonance and tonality. Ludwig's famous see-thru, Vistalite drums have been updated to provide greater stability to the shells. With so many options available please call your Full Compass sales pro for help designing your dream kit. Call for finish and custom options.

WHITE SATIN

DW DESIGN SERIES

These 8-ply maple shells use new HVLT shell technology. The shell starts as a VLT (Vertical Low Timbre) and then gets one more horizontal outer ply, giving the drum more depth, body, and a larger tuning range. Available in 5-piece kits or as individual components in three durable lacquer finishes. The newly designed lugs are low-mass "mini-turret" lugs with True Pitch Tuning. Snare drums include a MAG throw-off.

AMBER SHADOW BURST

YAMAHA LIVE CUSTOM DRUMS This new line of professional drums improves upon the design of Oak Custom. The 8 plies are now 10% thicker at 1.2mm per ply, which results in a more powerful sound on stage. The hoops have been thickened as well, producing a tighter sound and sharper response. The lugs are Yamaha's Absolute and a new tom holder design reduces surface area and weight. The hardware is a darker shade of silver and the inside of the drums are painted black. The Live Custom snare has a new heavy-duty strainer. Shell packs are available as well as individual drums. Please contact your Full Compass Sales Pro for additional configuration and single drum options.
