

MINI-RECTIFIER-25

MESA ENGINEERING RECTIFIER® GUITAR AMPLIFIERS For 20 years the Rectifier amplifiers have defined American high-gain sound. These amps maintain their tight low end under even the most extreme settings. Recto amps now feature Multi-Watt™ technology. The Dual Rectifier head has 3 independent channels, each with gain, treble, mid, bass, presence and master control and channel assignable dual-rectification. Includes 3x3 6-button footswitch. The Mini Rectifier 25 head produces the same tones you've come to expect from a Rectifier head but in a 2-channel ultra-compact package. It is switchable between 10W and 25W and includes a padded gig bag and 1-button footswitch.

MESA ENGINEERING LONE STAR® SERIES AMPLIFIERS

These amps offer tone and versatility ranging from vintage to modern boutique sounds. Featuring 2 channels and Multi-Watt™ power options they create amazing sparkly cleans, classic breakup, and high gain tones all in one amp. The Lone Star Special® is a Class 'A' design using EL84 power tubes to make it incredibly expressive while the higher-wattage Lone Star amps use 4x6L6 tubes in Class A/B configuration. All Lone Star amps have a tube-driven long spring reverb and include a footswitch.

MARSHALL DSL AMPLIFIERS

These all-valve (tube) amps are based on the JCM2000 DSL100 amp head. DSL15C combo and DSL15H head offer 2 channels that share a 4-band EQ, built-in digital reverb, and pentode/triode operation switch for 7.5W/15W operation. DSL40C adds two modes per channel and pentode/triode switch for 20W/40W. The 100W DSL100H is the same design as the classic DSL100 with added digital reverb, resonance control, and pentode/triode for 50W/100W operation. All DSL models include a footswitch.

2203X

MARSHALL VINTAGE SERIES TUBE GUITAR AMPLIFIERS

The Vintage Series comprises faithful reproductions of Marshall's classic originals. The 1959SLPX is a reissue of the late '60s/early '70s 100W Super Lead Plexiglass head, used by countless classic bands. Sharing the same front and rear panels, the 50W 1987XL has its own distinct personality with sweet and warm tonality. The 2203X is a reissue of the JCM800, a single-channel, master volume 100W amp with more gain and aggressive tone than the 1959SLPX. All models include a switchable Series Effects Loop with true bypass.

PEAVEY

SANPERA-II

VYPYR-VIP-1

PEAVEY VYPYR® VIP SERIES MODELING AMPS Combining 36 amp models with 6 acoustic amp models, 6 bass amp models and instrument simulations (!), this flexible series of amps has power and tone to spare. The 32-bit floating point SHARC processors and TransTube analog circuitry combine for the best of digital and analog effects while the bi-directional USB port allows you to easily record, store/swap presets or get lessons and backing tracks via your computer. VIP-2 and VIP-3 both use a 12" custom-voiced modeling speaker; VIP-3 also offers 100W-1W variable power. Add an optional Sanpera™ I or Sanpera II foot controller for real-time control.

POWER TO THE MUSIC

T1100

T115-112

LANEY TONY IOMMI SIGNATURE TUBE AMPS The 100W T1100 head offers two identical channels of gain, each with footswitchable PreBoost, Drive control, 3-band EQ, channel volume, and Enhance/Presence controls. Rear panel features include power amp in/preamp out, FX loop and SYM link, which switches two or more T1100s simultaneously. The T1412S 4x12" cabinet features Celestion® G12H speakers. The T115-112 is a single-channel combo version of T1100, offering high gain tone and dual wattage options (15W/1W). It also offers speaker-emulated Record Out for direct recording, 1/8" stereo CD/MP3 line input and FX loop.

ITEM	DESCRIPTION	PRICE
T1100	100W tube amp head	1999.00
T1412	4x12" speaker cabinet	1499.00
T115-112	15W/1W tube combo amp	599.00

LANEY IRONHEART RECORDING AMP

This 15W 3-channel all-tube 2RU unit is designed specifically for recording. Crushing tone is provided by (3) 12AX7 preamp tubes, (2) EL84 power amp tubes and selectable 15W/1W output. It features a rear panel RE-AMP send jack and USB 2.0 I/O which supplies dry and processed signals split right/left into your DAW for reamping. Internal dummy load allows you to record silently, while the speaker-emulated Record Out delivers your tone to the DAW or PA. Each of the switchable channels offers volume, gain, EQ, tone and dynamic controls and digital reverb. Includes a footswitch with cable and gig bag with shoulder strap.

PALMER MUSICAL INSTRUMENTS DREI TRIPLE SINGLED ENDED AMP

This unique amplifier takes 3 single ended amplifiers and packs them in one lunchbox-sized head. Each of the 3 power sections can accommodate a wide variety of common power tubes. The 3 can be used independently or they can be blended together to create an entirely new pure tube tone. Controls include preamp saturation, overall tone, and power amp control for each single-ended circuit.

ITEM	DESCRIPTION	PRICE
PDREI	Tube amp head, 15W	1499.95

Ibanez

IBANEZ TUBE SCREAMER AMPS Featuring the famous Ibanez Tube Screamer overdrive circuit these amps can produce natural clean, powerful crunch, and warm overdrive tones. The 15W tube power section is switchable to 5W letting you get the full tube sound at lower volumes. Two 12AX7s power the preamp and (2) 6V6 tubes power the output. Tube Screamer function and 6db boost are controllable from the footswitch. Available as a combo or head with optional 12" speaker cabinet.

ITEM	DESCRIPTION	PRICE
TSA15C	12" tube combo amp, 15W	449.99
TSA15H	Tube amp head, 15W	299.99

THR10

YAMAHA THR DESKTOP AMPS The THR5 is simple and portable, with no compromised sound and with minimal controls and layout. Features 5 amp type modes - deep, shiny clean to modern high-gain. THR5A features classic mic models matched with studio-grade effects optimized for acoustic/electric and silent guitars. The THR10 offers bass amp modeling, electric-acoustic mic simulation and flat channel for vocals/keyboards. Equipped with a 3-band EQ and User Memory Function. Up to 5 amp sounds, effects and EQ can be saved with easily accessible buttons on the control panel. THR10C used VCM (Virtual Circuitry Modeling) to recreate the dynamic response of a classic tube amp. On the other side of the musical spectrum, THR10X features 5 different channels modeled from 3 amps, all of which deliver intense distortion. All bundled with Cubase AI. AC or AA battery powered (batteries sold separately).

Roland

CUBE80GX

ROLAND CUBE GX SERIES GUITAR AMPLIFIERS

Full of useful tones and features, these powerful CUBE-GX amps are great to gig, rehearse and practice with. All models include 3 independent channels (Clean, Lead and Solo), a custom-designed speaker, 3 independent FX sections including delay and reverb, built-in chromatic/manual tuner, Recording Out/Phones jack for direct recording or silent practice, and the i-CUBE LINK jack for jamming along with iOS devices. The free CUBE JAM iOS app plays songs and "minus-one" backing tracks for practicing as well as recording the amps tones along with music playback. The CUBE-40GX and CUBE-80GX versions include Roland's famed COSM guitar amp modeling.

ITEM	DESCRIPTION	PRICE
CUBE20GX	20W, 8" electric guitar amplifier	219.00
CUBE40GX	40W, 10" electric guitar amplifier, 10 COSM models	269.00
CUBE80GX	80W, 12" electric guitar amplifier, 11 COSM models	419.00

FINISH OPTIONS: CUBE-LT

ROLAND CUBE LITE AMP Featuring a unique combination of COSM guitar tones, 2.1 channel audio, stylish design and iOS interface, the 10W CUBE Lite amp is great for both practicing and casual music listening. Easily interfaces with an iOS device, and allows you to control the blend between COSM tones and iOS audio. The free CUBE JAM app turns your iOS device into a command center for jamming, learning and recording at 16-bits/44.1kHz, create jam tracks via Center Cancel, and adjust playback speed and pitch. Direct Mode allows you to record your guitar dry, for later "re-amping", while listening to COSM sound, or allows for real-time guitar processing in any app, monitoring the output with the CUBE Lite. The CUBE Lite Monitor, for vocals and keyboards, has the same great features as the amp without COSM processing.

ITEM	DESCRIPTION	PRICE
CUBE-LT-BK	Digital guitar amp, 3x3", 10W, COSM modeling	169.00
CUBE-LM-WH	Digital vocal/keyboard amp, 3x3", 10W	169.00
