## behringer

**BEHRINGER PX3000 ULTRAPATCH PATCHBAY** A 48-point balanced patchbay (24 vertical pairs TRS connectors) with 3-mode (normal, half normal, and thru) top-side switching.

| ITEM | DESCRIPTION | PRICE |
|------|-------------|-------|
| PX3000 | 48-point TRS patchbay | 79.99 |

## dbx by HARMAN

**DBX PB48 PATCHBAY** Available as half-normalled or de-normalled, with 48 1/4" points on the front panel, connected to 48 1/4" points on the rear.

| ITEM | DESCRIPTION | PRICE |
|------|-------------|-------|
| PB48 | 48-point patchbay | 99.95 |

## Hosa

**HOSA 1/2 NORMALLED PATCHBAYS** 48-point wired with shorting jacks at the front bottom position, may be changed by reversing modules. The PHB-265 has a recessed 3-position switch for each vertical pair which selects 1/2 normal/full-normal or straight through.

| ITEM | DESCRIPTION | PRICE |
|------|-------------|-------|
| PHB350 | 1/4" TRS balanced jacks front and rear | 153.08 |

**HOSA MODULAR AUDIO PATCHBAYS** Sometimes, all you need is a little patching. Or perhaps you require different types of connections to be available. Hosa has created a modular patchbay system consisting of a 1RU frame which can hold up to four modular patch panels. The 1/4" types are modular versions of the PHB-340, 350 and 360 full-size panels. Each vertical pair can be flipped for choice of half-normalled or de-normalled (straight through) operation. Modules can be used stand-alone or mounted in the optional PPP-000 Rack Frame.

| ITEM | DESCRIPTION | PRICE |
|------|-------------|-------|
| MXL369 | Straight through triple female to male XLR patch module | 56.78 |
| MHB350 | 8 balanced 1/4" to balanced 1/4" | 62.83 |
| MXL369 | 3 balanced XLR F to XLR M | 56.78 |
| PPP000 | 1RU rack frame for four modules, with three blank covers | 18.06 |

**HOSA PDR369 XLR PATCHBAY**

| ITEM | DESCRIPTION | PRICE |
|------|-------------|-------|
| PDR369 | Balanced XLR patchbay, with 12 female front and 12 male rear, wired straight-through (no normals) with shielding wiring | 123.68 |

## NEUTRIK

**NEUTRIK EASY-PATCH PATCHBAY** 2x48 TT (tiny-telephone or bantam) jacks in a 2-space rack configuration. The goldplated pre-wired double jacks have drastically improved contact integrity. Each pair can be programmed for normal or half-normal switching. Capable of handling analog and digital signals. Dual designation strips and a real lace bar. Available with a variety of rear terminations.

| ITEM | DESCRIPTION | PRICE |
|------|-------------|-------|
| NPPA-TT-PT | Panel with rear push terminals | 982.15 |
| NPPA-TT-E56 | With ELCO-56 connectors | 1127.03 |
| NPPA-TT-S | With 1/2-normal, solder tabs | 711.50 |

## NEUTRIK

**NEUTRIK NYS-SPP-L1 PATCHBAY** The NYS-SPPL1 patchbay features 48 balanced channels with 1/4" TRS jacks front and rear for use with standard 1/4" plugs, in a 1-space rack-mount chassis.

| ITEM | DESCRIPTION | PRICE |
|------|-------------|-------|
| NYS-SPP-L1 | 48-channel patchbay | 69.04 |

## Switchcraft

**SWITCHCRAFT STUDIOPATCH SERIES PATCHBAYS** These TT (Bantam) patchbays utilize Switchcraft's EZ Norm Technology, allowing signal flow to be changed from the front of the patchbay using a standard screwdriver. They feature bussed grounds, and are hard-wired using 110-ohm AES/EBU digital audio cable, all in just 1 rack space. Two-version terminated to DB25 connectors, wired to the Tascam DTRS standard pinout allow for direct connection to Digidesign's most popular audio interfaces. A third version terminated to Cannon DL is also available.

| ITEM | DESCRIPTION | PRICE |
|------|-------------|-------|
| TTEZNSP6425 | 64-point/32-channel TT patchbay (DB25 terminals) | 694.31 |
| 9625 | 96-point/48-channel TT patchbay (DB25 terminals) | 959.00 |
| TTEZNSP96DL | 96-point/48-channel TT patchbay (Cannon DL terminals) | 1181.25 |
